

PB55 PALLET TRUCK LIMITED WARRANTY

Assuming normal usage and working conditions; Stärke Material Handling Group will, at its expense, replace or repair any equipment or parts, which prove to be defective in material or workmanship. This is provided the purchaser gives notice of such alleged defect within the warranty period, and if requested by Stärke Material Handling Group, returns such equipment or parts, transportation prepaid.

The warranty period is:

1. Eighty-Four months after date of purchase on pump components, parts only.
2. Thirty-Six months on frame components, parts only.
3. Ninety days after date of purchase, parts and labour, for:
 - a. Seals
 - b. Bushings and Bearings
4. Thirty days after date of purchase, parts and labour, for:
 - a. Major Adjustments
 - b. Fittings

Stärke Material Handling Group may elect to make such repairs at an authorized Stärke dealer service centre, or replace the unit in full. Stärke Material Handling Group undertakes no responsibility for work done or expense incurred for replacement or repair that is not specifically authorized by Stärke Material Handling Group.

Dealer labour rate schedules apply where applicable.

This warranty does not apply to:

- a. Equipment or parts subject to overload, misuse, neglect, alteration or accident.
- b. Normal replacement of service items such as wheels, axles, bearings, bushings, seals, gaskets, etc., due to normal wear and tear, application, and environment.
- c. Problems caused by contamination, such as water, salt, or dust.
- d. Adjustments.
- e. Hauling expenses.

Stärke Material Handling Group's obligation to repair or replace shall be the limit of its liability under this warranty and sole and exclusive right and remedy of the purchaser. In no event shall Stärke Material Handling Group be liable for special, general, incidental or consequential damages to trade or business for breach of this warranty.

The shipment of repair or replacement parts or units will be shipped FOB Thorold, Ontario Canada.
